A healing message for you and your neighbor...

The healing truths of the Bible are as practical and available today as they were in the time of Christ Jesus and the Apostles.

The present availability of healing through prayer or spiritual means alone is explained in all Christian Science lectures.

Learn what this can mean for you by attending this free, public lecture extended.

The best way to get more out of life is to put more into it. You're only young once. After that it takes another excuse.

She Found a Full Life Away From Clubs, Cans

From Italy writes Mrs. M. J. K.:

"I am an average American housewife, transplanted from the world of two automobiles, PTA meetings, and bridge club and dropped into a very different life in Italy.

"Last spring my husband decided to quit a very good job as a salesman and enroll as a medical student at the university here. In three weeks' time we sold our belongings, our furniture and our house, packed up our three children and the dog and descended upon Italy.

"This was quite a shock—both to the Italians and to us.

"But we are now packed into a nice little apartment here, our children are going to the Italian public school, and I no longer

have the pleasant diversions of my own car, or the neighborhood supermarket, or any automatic devices that left me time for the usual morning kaffeeklatsch, bridge games and all the rest of the time-consuming activities of American suburbia.

"And I find suddenly that my life has never been so full or so contented as now.

"I am learning to live as the Italian wives do, traveling on the city buses, shopping at the fruit and vegetable stalls and bartering with the merchants. I am learning to cook the Italian foods, including making my own pasta.

"Now I rarely open a can or a frozen dinner—with the sad result that my husband will have

to start on a diet, or else he will resemble the Fat Venus, male version.

"I really enjoy seeing all this first hand, but I miss your column. I hope you will continue your writing."

Why don't you make the experiment American style? For two weeks disconnect every single electric or automatic appliance in your home. See how much you can accomplish with your brains and hands.

Put away the car and see what you can do about shopping.

Try cooking without using more than one can at a meal, to discover if you are woman enough to cook complete meals.

If you get past the third day you have it made. But, alas, I'm afraid far too many of you will never make the attempt. You're afraid to find out how far down the path you have strayed. But try it, I say. It may give you a whole new outlook on life if you succeed. Good luck.
